### **DETAILED ACTION**

The amendment filed 8-10-01, paper number 4, has been entered. Claim 26 has been added. Claims 1-26 are pending and under consideration.

### ***Election/Restrictions***

Restriction is required under 35 U.S.C. 121 and 372.

This application contains the following inventions or groups of inventions which are not so linked as to form a single general inventive concept under PCT Rule 13.1.

In accordance with 37 CFR 1.499, applicant is required, in response to this action, to elect a single invention to which the claims must be restricted.

Group I, claim(s) 1-15 and 26, drawn to a method of making avian EG cells.

Group II, claim(s) 16-19, drawn to avian EG cells.

Group III, claim(s) 20-23, drawn to a method of making chimeras using avian EG cells.

Group IV, claim(s) 24, drawn to a method of transfecting EG cells with a foreign gene.

Group V, claim(s) 25, drawn to a method of passaging transfected EG cells transfected by a foreign gene in medium containing antibiotic.

The inventions listed as Groups I-V do not relate to a single general inventive concept under PCT Rule 13.1 because, under PCT Rule 13.2, they lack the same or corresponding special technical features for the following reasons:

The claims do not share a special technical feature because the method of claim 1 was known in the art and disclosed by Pain (1996, Development, Vol. 122, pg 2339-2348; see pg 2340, "growth factors" and pg 2344, col. 2, "germ-line" chimeras obtained from chicken ES cells; EG cells=ES cells). Therefore, Groups I-V are patentably distinct.

Applicant is advised that the reply to this requirement to be complete must include an election of the invention to be examined even though the requirement be traversed (37 CFR 1.143).

Applicant is reminded that upon the cancellation of claims to a non-elected invention, the inventorship must be amended in compliance with 37 CFR 1.48(b) if one or more of the currently named inventors is no longer an inventor of at least one claim remaining in the application. Any amendment of inventorship must be accompanied by a petition under 37 CFR 1.48(b) and by the fee required under 37 CFR 1.17(i).
